Subject: Keep local harbor jobs

I'm writing today because I want the EPA to would propose a cleanup plan that doesn't work for small business.

Instead of creating a cleanup plan that will take decades and require billions of dollars, I sure hope the EPA will consider the impact it could have on the jobs on the river. We all want a clean river but the cleanup should also be a responsible one.

Please do what's right for Portland, our environment and our jobs.

Sincerely,
